Career Summery

Developer with 1 year of experience in frontend development, proficient in TypeScript, JavaScript, React, Next.js, and Tailwind CSS. Experienced in building responsive, scalable interfaces using tools like Redux, ShadCN, and component-based architectures. Familiar with backend technologies including Express.js, NestJS, GraphQL, Prisma, MongoDB, PostgreSQL, and Docker. Committed to writing clean, maintainable code and continuously growing with modern development best practices.

Work Experience

Front-end Developer

Ajkal.us at Project-Based

From January 2025 – To March 2025
- Developed web frontend with CSS, bootstrap, axios, swiper, And Next JS.
- **Integrated APIs with front-end using Next.js**, ensuring seamless communication between the front-end and back-end, delivering dynamic and responsive web applications.

Software Developer (Intern)

Solutya Pvt. Ltd. – Uttara, Dhaka 1230

From September 2024 – To December 2024
- Developed web frontend with CSS, SCSS, Tailwind CSS, React JS And Next JS.
- Built and optimized user-facing features and backend services

Education

Saic Institute of Management and Technology (SIMT), 2023
Major: Diploma in Computer Science & Engineering.

Skills

C, C++, JavaScript, TypeScript**,** React.JS, Next.JS, Express.JS, Nest.JS, Tailwind CSS, SASS, Prisma, Socket.io, Graph QL,

Mongoose, MySQL, PostgreSQL, MongoDB**,** Git, Firebase, Figma, Post-Man, docker, Linux

Project

Eco-bazar : Nov 2024 - https://ecobazar-phi.vercel.app

- **Eco-Friendly Marketplace -** Eco-Bazar is built to promote sustainable shopping by showcasing eco-conscious products.
- **Login & Secure User Management -** uses secure OAuth-based authentication powered by Next-Auth. User data is safely managed with session handling and encrypted storage.

  Technologies: TypeScript, Tailwind CSS, Redux Toolkit, Next.JS – More Information

Eco-Dashboard and Backend Framework : Fab 2025 - https://eco-management.vercel.app

- **Product Management & Sales Tracking -** Eco-Dashboard allows admins to easily add and delete products in the system, keeping the inventory up to date.

- **Live Backend & Prisma ORM -** Eco-Dashboard integrates the front-end, backend, and SQL database for real-time data flow. Prisma ORM simplifies SQL queries with type-safe access, ensuring smooth and consistent data interaction.
- **PostgreSQL with Relational Database –** PostgreSQL and MySQL are used to store and manage relational data in a structured manner. Both databases provide reliability, scalability, and fast querying capabilities for handling large datasets.
  Admin: Email - demo@gmail.com **Password -** demo780

Technologies: TypeScript, Redux Toolkit, Next.JS, PostgreSQL, Prisma ORM - More Information

Certifications

React Advanced

Coursera by Meta – Jul 15, 2024

- Learned fundamentals of React, including component-based architecture, props, state management, event handling, and JSX.
- Built interactive, dynamic user interfaces following best practices.

Extracurricular Activities

New Technology Researcher
Self-driven | Ongoing
Activities:
- Research **digital electronic technologies** using **mobile devices**, **laptops**, and **other gadgets**.
- Stay updated with the latest **digital tools** and **modern electronics**.

Badminton Player - Local Community | Winter
Event Participation:
- Local area Badminton Tournaments
- Friendly Matches within the Community
